

PAINTING CLUB

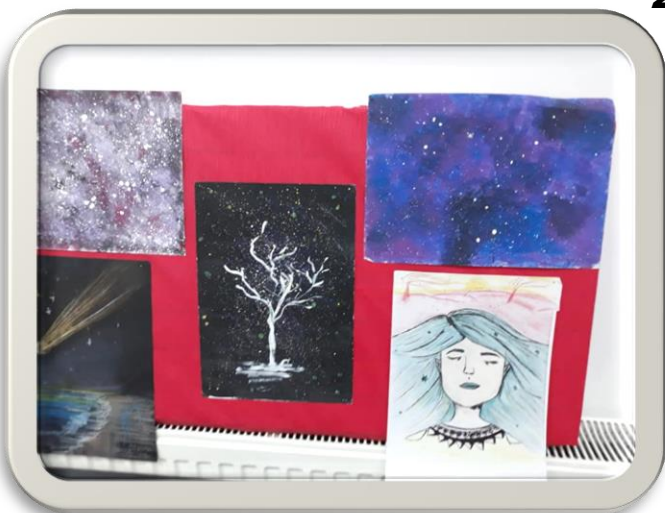

As part of the project Erasmus + Social Media- Natural Learning Environment, our school has offered the students great opportunities of discovering and improving their skills, by implementing various hobby clubs, different in subject and perception.

Since our students have proved high interest in art and its variations, we considered it appropriately to go on and encourage them to set their mind free and discover their unknown artistic skills. In order to do it, they meet once a week, on Tuesday, and, under teacher Simona Ioana Ivan's coordination, they worked on different themes, according to the club established schedule. This is how they found progress and succeeded in motivating themselves while handling the brush or the crayons.

Elevii de la Clubul de pictură au pregătit o expoziție cu ocazia

Zilei Profesorului, 5 Iunie 2019, zi în care am organizat o sesiune de diseminare a rezultatelor proiectului social Media-Natural Learning Environment.

If we take a look back at these months, we can see that they made many impressive works with different themes such as: Autumn, Flowers or Halloween. Here are some relevant photos that best fit to their artistic recommendation.

Taking into consideration that Halloween is coming, our students also designed and painted suggestive sketches and used color in a pleasant and amazing way. This way, we are proud to have realized a painting board that stays on the first floor's wall of our school. They felt happy and to notice that it is so appreciated by teachers in our school.

ORIGAMI- QUILLING CLUB

The students that participated in the club's activities have been taught new working techniques with paper. They made some of the gifts for the mobility from Poland and they exposed the objects made at this club on Teacher's Day.

This autumn, being inspired by nature, they made flowers and they also created the Erasmus + logo for the meeting in Romania.

READING CLUB

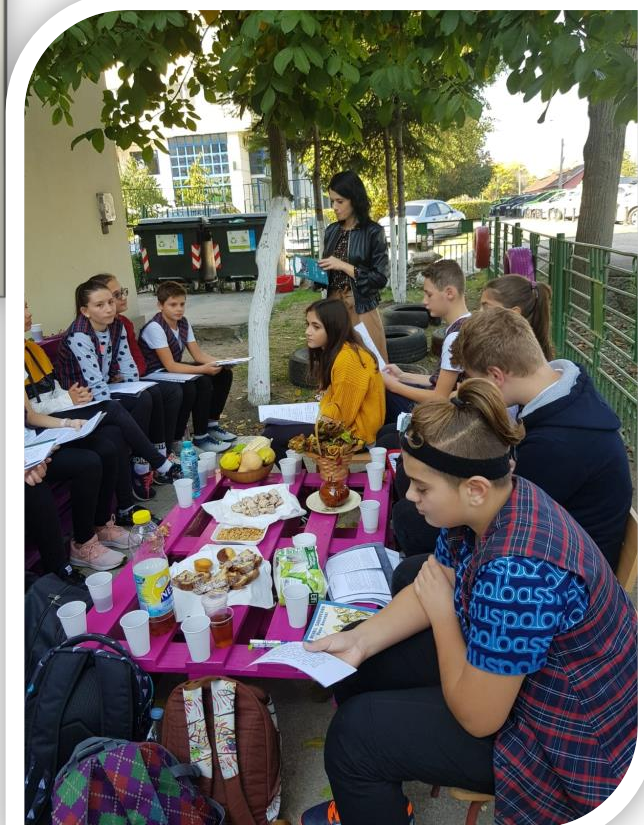

The students participating at this club won the first prize at the final debate of the „Education through debate in Arges” project, that had unfolded in partnership with France Embassy. The competition was held between four schools in Arges.

It was this autumn too that our students of Structure no.2, also members of the reading club, inaugurated the new specially decorated space. This way, they can now enjoy an open-air reading space.

They can thus understand better the literary creation inspired by autumn, by reading lines from our national poet Ion Pillat, who was also born in Arges.

DRAMA CLUB

Inspired by Ion Luca Caragiale's works, a big Romanian dramatist, the students of the drama club presented two plays during the teachers' meeting in May: „Vizita” and „D-I. Goe”.

At the end of the year, they also played in Moliere's „Bolnavul inchipuit”.

SPORT CLUB

Between 21st-26th May 2019, our students that are members of the football club, participated at the National Phase of Tymbark Cup, the most important competition in Romania for students between 6 and 12 years old (3rd edition). They won the first prize, at the 12 years old category.

The break before the finals

Training

***60 minutes of
physical exercises on
music in the school
yard, with teachers
and students.***

DANCING CLUB

Our school dancing team, entitled „Hora”, proved much talent at a cultural-artistic manifestation called „Simfonia lalelelor”, 2019.

The students presented a series of popular dances from Muntenia at the promotion/visibility session of „Social Media-Natural Learning Environment” project.

5th June 2019

„DORULEȚUL” CHOIR

At „Cantus Mundi” initiative, the voices of 52 children from our school, together with the choral assembly „Dorulețul”, sang to take notice to all present there of the multitude of dangers at which Terra will be exposed if we do not start saving money in a responsibly way.

The Earth’s Day in front of the City Hall in Pitesti.

At the promotion/visibility session of „Social Media- Natural Learning Environment” project, 5th June 2019
