CRAFT AND ART CLUB

Students from the club worked out a lot of different jewelery products - necklaces, bracelets, earrings and brooches. They made a small exhibition.

The walls in our school are now more colorful, bright and beautiful! Fifth grade pupils painted on them to give their art to all students and teachers!

TRADITIONS AND HEALTHY LIFESTYLE CLUB

Educational campaign "The Day of the Revolution in Nutrition" aims to make our kids eat more fruits and vegetables and live healthier. The children themselves prepare healthy vegetable dinners. Mothers from the School Parent Board helped a lot. The moto of the campaign is - Do not eat junk, eat vegetables!

SCHOOL RADIO CLUB

The club members entertain and inform all their classmates on the school radio. They tell interesting facts about Bulgarian customs, holidays and events. The school radio is used to greet students and teachers on various occasions, such as birthdays, prizes won by students etc.

FOLK DANCES

The youngest folk dancers of our school at their first concert - they danced awesome and heart-worthy, and they truly deserved applauses!

READING CLUB

4th graders showed the citizens of Veliko Tarnovo that they are proud to be Bulgarian. They created posters about significant Bulgarian places, combined with short historical reviews. They are also searching for the most popular children's poems of the Bulgarian classics, and read to some random citizens in the park around the monument "Mother Bulgaria".

The lesson of patriotism is part of the flash-based project to popularize reading as an outdoor activity under the motto "Bulgarian to be called – it is great joy for me"

DRAMA CLUB

First graders on action! They organized Carnival of the Fairy Heroes. The event was held in the School Hall. Participants were children from the preparatory group and pupils from primary classes. They wore costumes of their favorite fairy-tale characters. All the classes were awarded the Diploma, and the children from the Preparatory Group - coloring books. The initiative was intended to encourage reading of fairy tales and to inspire love for books.

SPORT CLUB

On 27th September Dimitar Blagoev Primary took part in the European Day for Sport at School. Various activities (sports competitions, dances, demonstrations) were organized with students, teachers and parents involved.

The initiative empowers schools to promote physical education and sport in schools, promoting fun physical activities. The aim is to improve public health through the introduction of lifelong learning methods and enhance the participation and development of social skills among students.

#BEACTIVE
European Week of Sport

EUROPEAN SCHOOL SPORT DAY (ESSD)

- Pan-European initiative to promote physical activity
- Annual school sport day
- 120 minutes of physical activity
- Schools design their own Day

27.09.2019
